H.J.R. No. 96

A JOINT RESOLUTION

proposing a constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain off-shore drilling equipment that is not in use.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Article VIII of the Texas Constitution is amended by adding Section 1-h to read as follows:

Sec. 1-h. The legislature by general law may provide ad valorem tax relief for mobile drilling equipment designed for off-shore drilling of oil or gas wells that is being stored while not in use in a county bordering on the Gulf of Mexico or on a bay or other body of water immediately adjacent to the Gulf of Mexico.

SECTION 2. This proposed constitutional amendment shall be submitted to the voters at an election to be held November 3, 1987. The ballot shall be printed to provide for voting for or against the proposition: "The constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain off-shore drilling equipment that is not in use."

I certify that the attached is a true and correct copy of HJR 96, which was filed of record on MAR 12 1987 and referred to the committee on:

BILL ANALYSIS

Committee on
Ways and Means

H.J.R. 96
by Stiles
C.S.H.J.R. 96
by Berlanga

BACKGROUND:

Section VIII, Section 1, Texas Constitution, provides that all real and tangible personal property shall be taxed in proportion to its value.

PURPOSE:

To allow the legislature to exempt from ad valorem taxation marine and mobile drilling equipment that is being stored while not in use in a county bordering the Gulf of Mexico.

SECTION BY SECTION ANALYSIS:

Section 1. Adds Section 1-h to Article VIII, Texas Constitution, authorizing the legislature to provide tax relief for mobile marine drilling equipment designed for offshore drilling of oil or gas wells that is being stored while not in use in a county bordering the Gulf of Mexico or in a bay or other body of water immediately adjacent to the Gulf.

Section 2. To be submitted to the voters on November 3, 1987.

COMPARISON OF ORIGINAL TO SUBSTITUTE:

The original bill authorized an exemption for mobile drilling equipment designed for off-shore drilling. The substitute authorizes an exemption for mobile marine drilling equipment designed for off-shore use.

RULEMAKING AUTHORITY:

It is the Committee's opinion that this bill does not delegate any new rulemaking authority to a state agency, officer, department or institution.

SUMMARY OF COMMITTEE ACTION:

H.J.R. 96 was considered in a public hearing by the Committee on 4-07-87. Testifying in favor of the bill was Gary Kott, Global Marine Drilling Company. No one testified against the bill. Representative Berlanga offered a substitute which was adopted without objection. The motion to report the bill favorably as substituted carried by a vote of 9 ayes, 0 nays, 0 PNV, with 4 absent.

LEGISLATIVE BUDGET BOARD

Austin, Texas

FISCAL NOTE

April 9, 1987

TO: Honorable Stan Schlueter, Chair
Committee on Ways and Means
House of Representatives
Austin, Texas

In Re: Committee Substitute for
House Joint Resolution
No. 96

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on Committee Substitute for House Joint Resolution No. 96 (proposing a constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain off-shore drilling equipment that is not in use) this office has determined the following:

The Texas Constitution provides that all real and personal property in the State shall be taxed in proportion to its value. The Tax Code provides the various definitions and conditions related to the taxation of such property. The Code provides that a special purpose vessel--one designed to operate economically in a localized area--generally has taxable situs in the taxing unit in which it was located physically during the year preceding the tax year.

The resolution proposes a constitutional amendment which, if adopted, would provide tax relief (in the form of an exemption) for mobile marine drilling equipment designed for offshore use that is being stored while not in use in a county bordering on the Gulf of Mexico or on a bay or other body of water immediately adjacent to the Gulf. The proposed amendment would be submitted to voters on November 3, 1987.

The cost of publication of the resolution to the State is estimated to be \$45,000 in fiscal year 1988.

The constitutional amendment would be implemented by House Bill No. 2082 or similar legislation.

Taxing units that currently tax idle offshore platforms would lose property tax revenues under the bill. The amount of lost revenues on a statewide basis cannot be determined. However, by way of example, the chief appraiser of Jefferson County has indicated that the loss in revenue to Jefferson County taxing units under the bill would be approximately \$200,000.

Appraisal districts of affected counties may experience administrative savings from not having to appraise oil drilling rigs. The amount of these savings cannot be determined.

Austin, Texas

FISCAL NOTE

May 1, 1987

TO: Honorable Grant Jones, Chairman In Re: House Joint Resolution No. 96,
Committee on Finance as engrossed
Senate Chamber By: Stiles
Austin, Texas

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on House Joint Resolution No. 96, as engrossed (proposing a constitutional amendment to authorize the legislature to provide ad valorem tax relief for certain offshore drilling equipment that is not in use) this office has determined the following:

The Texas Constitution provides that all real and personal property in the State shall be taxed in proportion to its value. The Tax Code provides the various definitions and conditions related to the taxation of such property. The Code provides that a special purpose vessel--one designed to operate economically in a localized area--generally has taxable situs in the taxing unit in which it was located physically during the year preceding the tax year.

The resolution proposes a constitutional amendment which, if adopted, would provide tax relief (in the form of an exemption) for mobile marine drilling equipment designed for offshore use that is being stored while not in use in a county bordering on the Gulf of Mexico or on a bay or other body of water immediately adjacent to the Gulf. The proposed amendment would be submitted to voters on November 3, 1987.

The cost of publication of the resolution to the State is estimated to be \$45,000 in fiscal year 1988.

The constitutional amendment would be implemented by House Bill No. 2082 or similar legislation.

Taxing units that currently tax idle offshore platforms would lose property tax revenues under the bill. The amount of lost revenues on a statewide basis cannot be determined. However, by way of example, the chief appraisers have indicated that the loss in revenue to Jefferson County, Nueces County and Harris County taxing units under the bill would be approximately \$200,000, \$300,000 and \$172,000, respectively.

Appraisal districts of affected counties may experience administrative savings from not having to appraise oil drilling rigs. The amount of these savings cannot be determined.
